

Features & Advantages

CRL | STONE

Thank you!

Thank you for your interest in CRL Stone. We hope that your samples arrived promptly and that they are of interest to you.

If you would like to see our range in full slab format at our Manchester or London showrooms or would like to see your surface as a display in a showroom near you email crlquartz@crlstone.co.uk or contact us on 01706 863 600 and one of the team will be happy to help.

What happens next?

If you're already working with a designer or installer just let them know your chosen surface, chances are they already have an account with us and if they don't we can easily set one up.

If you don't have a designer or installer in mind either call us on 01706 863 600 or visit our website and request a quote. We'll put you in touch with one of our trusted, local to you, installers from our nationwide network.

And don't forget all our surfaces come with a warranty for your peace of mind.

Flooring Ceralcio Grassi White - CER413

About CRL Stone

With over twenty years of experience in the industry CRL Stone has developed a comprehensive range of beautiful, engineered surfaces, created to meet the demands of modern living. With three distinct ranges to choose from CRL Stone is sure to have the perfect surface for you.

CRL Quartz

CRL Quartz is scratch, heat and stain resistant. Unlike natural materials such as marble or granite, the non porous surface never needs to be sealed. It requires minimum maintenance to keep it looking as good as new. Available in over 40 finishes and in thicknesses of 20mm and 30mm the extra large slab formats allow for great consistency in design over large spaces such as kitchen worktops.

Ceralsio

Ceralsio is a hardwearing and versatile range of ceramic surfaces built for the demands of modern living. Completely impermeable and resistant to heat, wear & tear and ultraviolet rays it is the perfect surface for kitchens, bathrooms, walls, floors and even outdoors. Available in over 20 finishes and in thicknesses of 6mm, 12mm and 20mm the design possibilities are endless.

Inalco MDi

Inalco MDi from CRL Stone is a natural mineral that has been formed using an innovative production process to create a huge range of over 40 finishes in a truly unique hardwearing surface. Available in 4mm, 6mm, 12mm and 20mm finishes MDi is suitable for use as cupboard fronts, flooring, wall cladding, kitchen surfaces, bathrooms and wet rooms as well as outdoor surfaces and facades.

All materials are available in large format dimensions 3200mm x 1600mm

Peace of mind

Resistant to Wear & Tear
CRL Stone have some of the most resistant countertops on the market, ideal for use in the kitchen and the bathroom. Ceralsio and MDi surfaces are also suitable for use outdoors.

Highly Scratch Resistant
Food can be cut directly on top of the surface without it being damaged. Even so, adapted cutting boards should be used for cutting.

Impact Resistant
CRL Stone surfaces have a high resistance to knocks and impacts.

Stain Resistant
CRL Stone surfaces are not affected by products like solvents, detergents, bleach, oil, vinegar or citrus juice, provided that the stains are cleaned away within 24 hours.

Heat Resistant
It does not burn or give off smoke or toxic substances when exposed to high temperatures.

Hygiene
Because it is a non-porous surface, the build-up of bacteria or mould is prevented, and food can be placed in direct contact with the surface.

Easy to Clean & Care For

No extra care or special products are needed to clean it. Stains can be removed with water or mild cleaning products.

Warranty

Visit crlstone.co.uk for more details of the warranty applicable to your chosen surface. Once the surface has been installed register your surface and activate your warranty at crlstone.co.uk

MDi Ocean Stone - CER204T

Resistant to frost and ice*

Ceralsio and MDi surfaces have a low water absorption rate of less than 0.2% making them ideal for outdoor environments where frost and ice is common.

Resistant to ultra violet rays*

Ceralsio and MDi surfaces are colourfast despite the passing of time, even when used outdoors.

*Applies to Ceralsio and MDi surfaces only
